

*Do It Yourself!*

# From unpacking to putting in minutes.

**Tour Links®** patented modular design makes installation a snap. Just slide the panels together and insert the fasteners. The interlocking teeth ensure proper panel alignment, and the patented floating cups ensure perfect playability. The result is a professional quality green with turf that stays true no matter what the temperature or conditions are.

**00:00**

Unpack boxes.

**05:00**

Slide panels together

*A screwdriver  
is the only tool  
necessary!*

**12:00**

Insert fasteners  
& drop in cups.

**14:00**

Roll out the  
pre-cut turf.

**15:00**

Fifteen minutes a  
day putting on your  
**Tour Links®** green  
will help you develop  
a more dependable  
stroke, build confidence,  
and most importantly,  
lower your score.
